GENERAL INFORMATION

DESCRIPTION OF THE APPLICATION PROCESS

Welcome to the universal residency application process for the Schools of Naturopathic Medicine at Bastyr University, National College of Natural Medicine and Southwest College of Naturopathic Medicine. The above institutions are recognized by the Council of Naturopathic Medical Education (CNME) as sponsors of postdoctoral naturopathic medical education. **Please read the following pages thoroughly.**

Applicant Eligibility

To qualify as an applicant for the 2015-2016 CNME approved Naturopathic Residency Program, the successful applicant shall possess, by the start of the program, the following:

- 1. A Naturopathic Doctor degree from a college or university that has been accredited, or has been granted accreditation status, by the Council for Naturopathic Medical Education.
- 2. Successful completion of the NPLEX I & II and the ability to secure a license or its equivalent to practice naturopathic medicine from the appropriate licensing jurisdiction.
- 3. Ability to present appropriate documents that verify the applicant's legal right to work in the United States. The Immigration and Control Act requires that all new hires must submit verification of their legal right to work in the US within 72 hours of beginning employment. If you are a foreign national, you must have the appropriate visa that will allow you to gain full-time employment to complete the entire term of the residency program.
- 4. **Applicants must pass appropriate add-on boards for the state they intend to be licensed in.** Failure to pass all board examinations, as required by each state for licensure will effectively disqualify applicants from consideration for this program and will nullify any offers made prior to receipt of examination results.
- 5. If you are a graduate of the Canadian College of Naturopathic Medicine and Boucher Institute of Naturopathic Medicine, and are applying for a residency position within the United States, please be aware that you are required to be licensed in the USA to participate as a resident. Many states have differing licensure laws and it is recommended that you research the licensure rules and regulations for the state in which you are applying for a residency position.

Application Process

This is an applicant-managed application process. This means that applicants are responsible for collating all required elements of the application and submitting completed application packets to the respective school by the deadline, on **January 11, 2015**. The applicant must submit one complete set of application materials to each school applied to. No applications will be received or processed after 5 p.m. on the deadline date, unless the posting is reopened. It is the applicants' sole responsibility, during all phases of the application process, to know, understand, and comply with all deadlines and ensure that all forms, documentation, and other required elements of the application are submitted to the selection committee on time.

All official transcripts and supporting documents must be included in the application. The selection committee will not review documents and information other than those required by the residency application checklist. Please ensure that the persons who have agreed to be your reference read the enclosed instructions for each form. All documents will be kept confidential and are for use solely by the selection committee. The applicant must submit transcripts and forms in sealed envelopes with an authorized signature across the envelope seal. If the selection committee suspects that any documents or seals have been altered or tampered with in any way, the residency application may be terminated immediately and permanently. Completed application forms will be sent to the sites based on the marks indicated by the applicant in the List of Available Residency Sites (Part II pp.4-6). Please refer to the Timeline for the Application Process regarding the Interview Period.

Interviews

The Naturopathic Residency Programs are highly competitive. It is the goal of each of the Resident Selection Committees to select residency applicants who best meet the needs and requirements of the position, and who, in the sole opinion of the respective committee, will not only thrive, but excel beyond the minimum expectations of the program. As such, not all applicants will be invited for an interview. Applicants selected for interview will possess all of the following attributes:

- 1. Appropriate educational prerequisites as documented through the required official transcripts;
- 2. Eligibility to obtain, or current possession of an unrestricted license, to practice naturopathic medicine in the appropriate licensing jurisdiction;
- 3. Ability to demonstrate excellent written communication skills through the personal statement and essay questions;

- 4. Ability to project a strong ethical and moral character, and to clearly articulate one's expectations, visions, and goals in his/her personal statement;
- 5. Ability to reason carefully and provide thoughtful, mature, and deliberate responses to the issues presented in the essay questions;
- 6. Strong background of relevant experiences, research and scholarly activities, teaching, and leadership experiences as documented in a résumé, and;
- 7. Superior marks in the evaluation forms as attested to and verified by the applicant's chosen clinical supervisors/evaluators.

Applicant Matching

Upon conclusion of the interview period, the applicants shall submit their preference to the NPGA at the following web address – www.np-ga.com. All applicants are required to read the "Naturopathic Postgraduate Matching Program (NPMP) Packet" which is enclosed with this application packet. Please list only the sites where you have been interviewed and to which you are willing to accept a residency position. All applicants must submit their final list of ranked sites to the NPGA Match Administrator in order to secure a residency position. By the designated date the NPGA Match Administrator will inform each applicant of their confidential match identification number. This number can be used by an applicant to see if they matched on NPGA Match Day when matching results are made public on the NPGA website.

Residency program sites will submit their list of ranked applicants to the Residency Administrator of the CNME Recognized Sponsor School to which they are affiliated. Residency site supervisors will be informed of their match status via e-mail from the Sponsor School Program Administrators on the same day as the student postings are made on the NPGA website.

On Match Day the NPGA Residency Match Committee will convene and execute the matching process. The committee shall be comprised of the residency administrator of each CNME-recognized residency sponsor schools and one representative of the NPGA. The NPGA representative shall serve as Chair of the committee and the official NPGA Match Administrator. The goal of the committee is to endeavor an unbiased matching process based on the order of preferences in the certified Residency Preference List (RPL). Any applicants wishing for clarification on this process are referred to the school residency administrator to which they applied.

The official results of the NPGA Matching Process shall be published to the NPGA Website by the NPGA Match Administrator on **May 1, 2015 at 9:00pm PT**. Formal letters (to both matched and unmatched applicants) will be mailed on **May 4, 2015**. All matches are considered final and applicants are required to submit a Statement of Intent by the prescribed deadline. In addition, a list of unmatched applicants and unfilled programs will also be released by the NPGA Match Administrator. Unmatched applicants will be informed via letter from the School Administrators of any unmatched or newly developed sites open as well as details about the application process for those sites.

Please submit or mail a completed application packet together with the corresponding application fee to the appropriate program at one of the addresses below:

APPLICATION PACKET CHECKLIST

(Applicants are to submit an entire application packet to each school sponsoring a residency site the applicant is applying to).

omplete the Residency Application packet, an applicant must submit the following items. We strongly encourage using this checklist to ensure all essary application components have been included.
Personal Data form
Program Preference Form, indicating the residency position(s) for which you are applying
Non-refundable Application Fee in check or money order (no cash payment will be accepted). Each school requires that a \$100.00 Application Fee be submitted together with the completed application packet. Please make your check payable to Bastyr University, or NCNM, or SCNM depending on the school's residency sites (refer to Part II pp. 3-5) you have applied to. Note: The application fee is waived if the applicant is only applying to the STAIR Integrative Residency Program through Bastyr University.
Non-refundable Match Fee \$25* to the NPGA. <u>DO NOT</u> include this payment when you submit your application documents. This is a separate fee and you will only need to pay this before submitting your site preference to NPGA Match Administrator. (*Please refer to the NPGA website before submitting your list for payment instructions.)
Résumé. Please refer to the enclosed résumé template
A copy of your NPLEX I passing scores from NABNE.
Signed Academic Records
Signed Verification of Application Authenticity & Integrity
Signed Matching Process Verification
Signed Permission to Share Information with the NPGA
Signed Acknowledgements
Signed Disclaimer
Official transcript from your graduating naturopathic college or university. In addition, if you transferred from one ND school to another, kindly submit official transcripts from the other college or university at which credits were earned toward your ND degree. All applicants must submit transcripts in their original sealed envelopes with an authorized signature across the envelope seal. If the selection committee suspects that a transcript has been altered or tampered with in any way, your residency application may be immediately and permanently terminated. Note: If you are a NCNM student, you do not need to supply the NCNM Residency Department with an NCNM transcript. By signing the release below, the department will access your transcript from the registrar's office.
Three (3) Evaluation Forms. In the <u>List of References</u> section of the Personal Data sheet, please write the name and information of the three (3) persons who have agreed to be your references and evaluators. Each person listed as a reference must fill out an evaluation. For your first reference, you must have a clinical supervisor. For your second reference, you may have either a clinical supervisor or clinical faculty (someone who teaches in the clinic and but has not supervised you personally). For your third reference, you may select a clinical supervisor, clinical faculty, clinical preceptor, or medical professional.
All documents provided by your references are considered confidential and will be destroyed one year after the conclusion of the selection cycle. Each evaluation form must be submitted in a sealed envelope with the evaluator's signature across the flap of the envelope. Submitted documents that do not meet these requirements will be considered invalid.
For students applying to residencies at more than one sponsoring school, you may ask your evaluators to make copies of the form once they fill it out and then you may submit the copies (in signed & sealed envelopes) to each of the residency sponsoring schools.
A complete, concise, one (1) page (12 font typed, double-spaced, single-sided with 1 inch margins) Personal Statement indicating your reasons for applying to the residency program. If applying to multiple programs, make sure that you address each statement according to the program to which you are applying. Please refer to the enclosed "Instructions for Writing a Personal Statement and Answering the Essay Questions" section of this application. Type your name and training site in the upper right-hand corner of the page.
Essay Questions: A complete, concise, one (1) page (12 font typed, double-spaced, single-sided with 1 inch margins) for each essay question addressing the situations referred to in the enclosed "Instructions for Writing a Personal Statement and Answering the Essay Questions" section of this application. Type your name and training site in the upper right-hand corner of the page. At a minimum, you will have three (3) essays for Question 1, Question 2, and Question(s) 3 (depending on the site).

NATUROPATHIC POST-GRADUATE ASSOCIATION MATCHING PROGRAM GUIDELINES

Overview

The Naturopathic Post-Graduate Association Matching Program (NPMP) residency matching process is a systematic way of aligning naturopathic residency candidates and naturopathic residency sites with their preferred match. The NPMP is the result of a collaborative effort between the CNME Recognized Sponsor Institutions (Bastyr University, National College of Natural Medicine, & Southwest College of Natural Medicine) and the Naturopathic Post-Graduate Association.

In the previous system, once selections had been made and offers sent to selected candidates, it was not uncommon for a highly coveted candidate to receive multiple offers from different sites. The candidate was then given a two-week period to make a decision on which site offer to accept. Below is common scenario in the previous system:

Site A offers a position to Candidate 1, and has Candidate 3, 4, and 6 as alternates Site B offers a position to Candidate 1, and has Candidate 2 and 4 as alternates Site C offers a position to Candidate 1, and has Candidate 3, 4, 5, and 7 as alternates

While this was advantageous for Candidate 1, other candidates who were placed on the alternate lists were left wondering if they would be offered a position. Wait-listed candidates who were interested in other sites could not approach those sites since they were aware that these sites were waiting for the **selected** candidate to make his/her decision. Because of the uncertainty and protracted process which could take up to 8 weeks, most of the alternates would explore other opportunities, including non-CNME approved programs in order to assure themselves of a either residency position or gainful employment after graduation. The trickledown effect of this system was that some sites ended up having unfilled positions and alternate candidates had already committed to less desirable opportunities even though they would have readily accept an offer from these sites. The goal of the NPMP is to mitigate this problem and the long wait period.

The NPMP Committee will facilitate an unbiased matching process based on the Resident Preference List (RPL). This committee shall be responsible for the implementation of the matching process and shall be comprised of the Residency Administrator of each CNME-recognized residency sponsor schools and a Representative from the NPGA. The NPGA representative shall serve as Chair of the committee and the official NPGA Match Administrator.

Candidate Eligibility

Only eligible candidates can participate in the matching process. It is the responsibility of the CNME-Recognized Residency Sponsor Schools to insure that candidates applying to their program meet all the necessary eligibility requirements for a Naturopathic Residency, as designated by the Council on Naturopathic Medical Education (CNME). The NPGA does not provide applications or process applications for the participating sites. All candidates must complete and submit a Universal Residency Application provided by the CNME Recognized Residency Sponsor Schools.

Residency Site Eligibility

For a residency site to be eligible to offer positions through the matching process, the site must be a CNME-approved program that is affiliated with a CNME-recognized sponsor school.

Timelines & Deadlines

Within the Universal Naturopathic Residency Application, candidates and sites will find the published schedule of deadlines for the upcoming application and matching process. It is the responsibility of the candidates and sites to submit their preference lists to the appropriate member of the matching committee by the published deadline. Candidates or Sites not submitting a RPL by the published deadline will not be included in the matching process.

Candidate Withdrawal

A candidate may withdraw from the matching process by submitting a request in writing to the residency program administrator of the CNME Recognized Sponsor School to which the candidate had applied. If a candidate withdraws prior to the match, the candidate will be excluded from being offered a residency position from the participating sites during the current match cycle. If a candidate withdraws after being matched, the candidate shall forfeit his/her matched position and will not be allowed to participate in future match cycles for an additional two (2) years.

Residency Site Withdrawal

A residency site may withdraw entirely or may withdraw positions by submitting their request in writing, to the CNME-Recognized Residency Sponsor school to which it is affiliated. Sites are encouraged to do this as early in the application process as possible.

Disclaimer

NPGA is not involved in the formal hiring of a resident to a site. Candidates and sites take sole responsibility for reaching an agreed upon contract of employment. By participating in the match, each candidate and site acknowledges that NPMP Committee will expend effort to insure an ethical, professional, accurate, and fair match; agrees to abide by the results of the match; and agrees that under no circumstance shall the NPMP Committee or the NPGA be held liable for any damages or perceived damages which may result from the matching process.

Guidelines for the Matching Process

The match is based on the candidate and site preference lists. The candidates will submit their RPL to the NPGA Match Administrator and program sites will submit their RPL to the Residency administrators of their sponsor schools. All the information submitted to the NPMP Committee by both the candidates and sites in the form of the RPL will remain confidential.

It is critical that the candidate lists only sites on the RPL that he/she is willing to accept should a residency be offered. The decision of listing sites and submitting a RPL is solely the responsibility of the candidate. A candidate may list as many sites to which s/he is willing to commit. This is strongly encouraged since this improves the likelihood of being matched.

Similarly, each program site must list only candidates that the site would genuinely wish to hire on the RPL. A site should not list a candidate that it would not seriously offer a position to. Doing so will increase the site's chances of being matched with a lesser desired candidate. On the other hand, each site is strongly encouraged to list as many preferred candidates to whom it is willing to commit as this will improve chances of having its offered position(s) filled. Please note that a match will never occur unless both parties list each other on their RPL. It is not possible to match with a site or candidate that was not chosen by either.

In order for the matching process to be successful both the candidate and site acknowledges that a match constitutes a formal offer from the site and a presumed acceptance from the candidate. Once the matching process is complete it is not acceptable for a site with an unfilled position to contact a resident matched to another site with the intent of making them a "better offer".

Matching Process Schematic

The process works through the systematic matching of candidate and site preference lists. The NPMP is only the facilitator of the process and relies on the RPL to create a match. From a candidate's perspective, you can think of the RPL as the order a site would generate offer and alternate list letters.

The matching process lessens the anxiety and uncertainty to wait- listed alternate candidates hoping that they get an offer. NPMP markedly reduces the residency decision making timeline and uses the RPL to make the match. The current size and number of candidates/ sites involved in Naturopathic Residency Programs makes this process straightforward and it can be easily demonstrated below.

SITE	Selection based on Site RPL (In descending order of preference)	CANDIDATE	Selection based on Candidate RPL (In descending order of preference)
Site A	Candidates 1, 3, 2, 6	Candidate 1	Sites A, C, D, B
Site B	Candidates 1, 2, 4, 3, 5	Candidate 2	Sites A, B, C
Site C	Candidates 2, 4, 6, 1	Candidate 3	Sites C, D, B
Site D	Candidates 3, 2, 1, 6, 4	Candidate 4	Sites B, A, C, D
Site E	Candidates 6, 5, 1	Candidate 5	Sites E, A
		Candidate 6	Sites A, E, D, C, B

In an ideal setting, both the site and candidate will list each other as their first choice. In that situation, the match is complete and automatic. In the above example, we will first look at *Site A* which selects *Candidate 1* as their first choice. Candidate 1 also selects site A as their first choice. *Site A and Candidate 1 are now matched*. Site A is crossed off, all other candidate lists and Candidate 1 is crossed off all other Site lists. Since we know that Candidate 1 has chosen site A, Site B's selection automatically moves to their next available option – Candidate 2.

The available matches & opportunities now look like the following:

Site A	Candidates: 1, 3,2,6	Candidate 1	Sites: A, ©, D, B
Site B	Candidates: 4, 2, 4, 3, 5	Candidate 2	Sites: ♠, B, C
Site C	Candidates: 2, 4, 6, 1	Candidate 3	Sites: C, D, B
Site D	Candidates: 3, 2, 1 , 6, 4	Candidate 4	Sites: B, ♣, C, D
Site E	Candidates: 6, 5, 1	Candidate 5	Sites: E, ♣
		Candidate 6	Sites: ₳, E, D, C, B

For *Site B*, since *Candidate 1* is off the table, it must move on to *Candidate 2* who is the site's second choice. In the old system *Candidate 2* would have received an initial offer from *Site C* but would tend to wait at the last minute hoping that either *Site A or B* would eventually send an offer. By waiting, s/he would also be blocking the chances of the alternate candidates to this site. In our match scenario, the NPMP knows based on Candidate 2's RPL that if offered a position by both Site B & C, Candidate 2 would prefer and select Site B. *Given this instance, Site B and Candidate 2 are now matched*. At this point Site B and Candidate 2 are off the table for all other contenders.

The available matches & opportunities now look like the following:

Site A	Candidates: 1, 3,2,6	Candidate 1	Sites: A, C, D, B
Site B	Candidates: 4, 3, 5	Candidate 2	Sites: A B, €
Site C	Candidates: 2, 4, 6, 1	Candidate 3	Sites: C, D, B
Site D	Candidates: 3, 2, 1, 6. 4	Candidate 4	Sites: B, A, C , D
Site E	Candidates: 6, 5, 4	Candidate 5	Sites: E, A
		Candidate 6	Sites: ₳, E, D, C, B

After the above mentioned steps, for *Site C* its top choice *Candidate 2* is no longer available and must move on to its next choice. – *Candidate 4*. In the meantime, *Candidate 4* is hoping for an offer from *Site B & A* which s/he will not receive (Since Site A & Site B were matched to candidates higher on their preference list). While lower on his/her RPL than Site A or B, Candidate 4 has indicated s/he would accept an offer from Site C. *Based on this example Site C and Candidate 4 is now matched.*

The available matches & opportunities now look like the following:

Site A	Candidates: 1, 3,2,6	Candidate 1	Sites: A, C, D, B
Site B	Candidates: 4, 3, 5	Candidate 2	Sites: ♠, B, €
Site C	Candidates: 2,4,6,1	Candidate 3	Sites: €, D , ₿
Site D	Candidates: 3 , 2, 1, 6, 4	Candidate 4	Sites: B, A, C, D
Site E	Candidates: 6, 5, 1	Candidate 5	Sites: E, A
		Candidate 6	Sites: A , E, D, C, B

For **Site D**, its first choice **Candidate 3** is unmatched. **Candidate 3** also indicated that s/he is interested in **Site D** even though Candidate 3 had listed Site C as his/her first choice. Since Site C did not even consider Candidate 3, the candidate never received an offer or letter. **Based on this scenario, Site D and Candidate 3 are now matched.**

The available matches & opportunities now look like the following:

Site A	Candidates: 1, 3,2,6	Candidate 1	Sites: A, C, D, B
Site B	Candidates: 4, 3, 5	Candidate 2	Sites: ♠, B, €
Site C	Candidates: 2,4, 6,1	Candidate 3	Sites: 😌, D, 🚯
Site D	Candidates: 3, 2, 1, 6, 4	Candidate 4	Sites: B, A, C, D
Site E	Candidates: 6, 5, 4	Candidate 5	Sites: E, A
		Candidate 6	Sites: A, E, D, C, B

Lastly, **Site E** has selected **Candidate 6** as their first choice. While **Candidate 6** was hoping for an offer from Site A, but it is now unavailable since it was matched with another candidate. Based on the RPL of **Candidate 6**, s/he has indicated that s/he would accept an offer from **Site E** by listing the site high on the list. Candidate 5 had Site E as his/her first choice based on the RPL, but as Site E listed Candidate 6 ahead for Candidate 5 on its RPL. **Therefore**, **Site E and Candidate 6 are now matched**. The final match looks like the following:

Site A	Candidates: 1, 3, 2, 6	Candidate 1	Sites: A, C, D, B
Site B	Candidates: 4, 2, 4,3,5	Candidate 2	Sites: ♠, B , €
Site C	Candidates: 2, 4, 6, 1	Candidate 3	Sites: 🕞, D, 📳
Site D	Candidates: 3 , 2, 1, 6, 4	Candidate 4	Sites: B, A, C, D
Site E	Candidates: 6,5,1	Candidate 5	Sites: E , A
		Candidate 6	Sites: A. E. D. C. B

In this scenario Candidate 5 does not have a match. Moreover while not included in this example, it is also possible that some sites may have unfilled positions after the match. During this post-match period, unmatched candidates and sites with unfilled positions can contact each other to make arrangements to possibly fill these open positions.

NATUROPATHIC POST-GRADUATE ASSOCIATION STEPS ON SUBMITTING YOUR RESIDENT PREFERENCE LIST

Step 1

Before you start, make sure you have your actual list of preferred sites in hand. Your sites should have been ranked with your top choice as Site No 1, the second preferred site as Site No. 2, and so on.

Please list the sites to which you wish to be matched based on your order of preference. Please list only sites where you have been interviewed and to which you are willing to accept a residency position if matched, regardless of the listed rank. A site entered as Site Preference No. 1 indicates that this site is your top choice. The order of your preference shall decrease from site preference no.1 to next one you entered as site no. 2 and so on. You may enter as many sites as deemed appropriate and applicable.

Be aware that there is no "Save" option in this process. Given this, once you begin you will need to complete it to the end. This is why you **MUST** have your actual list of preferred sites in hand before you start.

Step 2

You will need to have a credit card or PayPal account to pay for the non-refundable Match fee. Without either, you will not be able to complete the process.

Step 3

On your web browser, type the following web address - www.np-ga.com

Step 4

Upon entering the NPGA home page , find, select, and click on "Residency Site Submission" tab

Step 5

Read the instructions very carefully. It is on this page that you will enter the name(s) of site(s) that you will be matched to based on the preference listed. Scroll down the page and begin to fill in the required site information.

Naturopathic Post-Graduate Association Holping Naturopathic Doctors Take Root Naturopathic Post-Graduate Association Naturopathic Post-Graduate Association Naturopathic Post-Graduate Association Matching Program Instructions: 1. Please list the sites to which you wish to be matched based on your order of perference. 2. A clinic site written under Site Preference No. 1 indicates that this site is your top choice. 3. Before submitting, review your selections thoroughly. Once submitted, you will not be allowed to change your preferences. *Required Site Preference No 1

Step 6

Be as specific as possible when writing the clinic name.

Step 7

Write the full name of the site director or supervisor whenever possible.

Step 8

Write the city & state of the site.

Write the school (Bastyr, NCNM, or SCNM) that the site is affiliated.

INSTRUCTIONS FOR WRITING A PERSONAL STATEMENT AND ANSWERING THE ESSAY QUESTIONS

I. Instructions for writing a Personal Statement

Write a concise one page **(12 font typed,** *DOUBLE-SPACED***, single sided with 1 inch margins)** personal statement <u>for each program</u> to which you are applying to. In the header of the document, type your name and residency site you are applying to (i.e. BCNH, NCNM, SCNM, CTCA, STAIR, etc.) in the upper right hand corner of the page. In this statement, describe the following:

- a. Your reasons for applying to that particular program;
- b. Your expectations from the program;
- c. Why you think your application should be strongly considered;
- d. Your future plans upon completion of the residency program, and;
- e. For oncology based programs, be very specific about your interest in oncology and why you have chosen to apply this program.

II. Instructions for answering the Essay Questions for the First Year Residency Program

Please answer all three essay questions. These questions are required as part of your residency application.

For each essay question below, write a complete, concise, one page (12 font typed, *DOUBLE-SPACED*, single sided with 1 inch margins) answer. In the header of the document, type your name and residency site you are applying to in the upper right hand corner of the page.

- 1. **Essay Question 1:** Undergoing a residency is very demanding and may require tasks that go beyond the usual expectations of the program.
 - a) Describe a past experience that would highlight your adaptability and flexibility in meeting your work/school related responsibilities.
 - b) Identify a quality or expectation in a residency work environment that you believe is essential in your success in the program. Explain in detail why this is important to you and how you plan to achieve it.
- 2. **Essay Question 2:** Part of the experience of working in a clinical setting involves interactions with a diverse environment of patients, office staff, students, and other physicians. Situations sometimes arise that involve ethical dilemmas or various types of conflict.
 - a) Discuss how you approach conflict resolution and ethical dilemmas.
 - b) Please cite an example from your own experience wherein you applied this approach.
- 3. Essay Question 3 (Site Specific Essay Questions):
 - a. <u>If applying to BCNH through Bastyr</u>, OR NCNM Teaching Clinic through NCNM, OR SCNM, please respond to this question:

*An important component of being a resident is the ability to use one's teaching skills in the clinical setting.

- i. What is your philosophy of teaching?
- ii. By what standard would you measure your effectiveness as an instructor?
- iii. Please cite an example from your own experience wherein you applied this philosophy.
- b. <u>If applying to an affiliate private clinic program through Bastyr or NCNM or SCNM</u> please answer this question: An important component of being a resident in private clinic is developing your patient base. Please provide at least two specific ways on how you plan to approach this challenge.
- c. <u>If applying to a Naturopathic Oncology program through Bastyr</u>, please respond to this question: When managing patients with advanced stages of cancer, death and dying is an issue for these patients, their loved ones and their caregivers. In what ways would you attempt to support these patients and their families? How will you support yourself when working with these patients?
- d. <u>If applying to the ITI STAIR program through Bastyr</u>, please respond to this question:

 An important aspect of being a resident in an integrative setting clinic is developing your ability to work well with practitioners of different professions, both naturopathic and non-naturopathic. Please identify a specific challenge that you may likely encounter and tell us how you intend to approach the situation. Please be as specific as possible.

- III. Instructions for answering the Essay Questions for the Second Year Bastyr, NCNM, and SCNM Residency Program

 Please answer all three essay questions. These questions are required as part of your residency application. For each essay question below, write a complete, concise, one page (12 font typed, DOUBLE-SPACED, single sided with 1 inch margins) answer. Type your name in the upper right hand corner of the page.
 - **1. Essay Question 1 (For Bastyr, NCNM, and SCNM applicants):** Provide an outline of your goals for your second year residency. Please indicate your vision for the year and how you might help facilitate the growth of the residency program.
 - **2. Essay Question 2 (For Bastyr, NCNM, and SCNM applicants):** Comment on some of the challenges that you faced as a first year resident and how you overcame those challenges.

3. Essay Question 3

- a. **For Bastyr applicants:** Provide an example of a work situation that had frequent rule changes, describe the specific steps you did at that time to address the issue, and now based on hindsight describe if and why you would make any changes to the initial measures you took.
- **b. For NCNM applicants:** As a second Year Resident, you will transition from solely working with attending physicians to managing your own teaching shifts. How do you plan to use this experience to incorporate both academic and clinical learning into the experience of the students?
- IV. Instructions for answering the Essay Question for the SCNM Second Year Homeopathic Residency Program

 Please answer the following question. This question is required as part of your residency application. For the essay question below, write a complete, concise, one page (12 font typed, DOUBLE-SPACED, single sided with 1 inch margins) answer. Type your name in the upper right hand corner of the page.
 - 1. **Essay Question**: Please describe a case that you followed and treated using homeopathy.
- V. Instructions for answering the Essay Questions for the Third Year NCNM or the Bastyr Chief Residency Program

 Please answer all three essay questions. These questions are required as part of your residency application. For each essay question below, write a complete, concise, one page (12 font typed, DOUBLE-SPACED, single sided with 1 inch margins) answer. Type your name in the upper right hand corner of the page.
 - **1. Essay Question 1:** As a third year resident of the department you will be expected to provide leadership among your fellow residents. Based your background experience, provide example of a situation in which your leadership was questioned by the persons you were tasked to oversee, and describe specific measures you utilized to gain their support.

2. Essay Question 2:

- a. For applicants to the Bastyr Chief Residency: Identify potential challenges that you expect to encounter in implementing an evidence-based medicine shift and provide specific steps on how you would address these issues.
- **b.** For applicants to the NCNM Third Year Residency: Please summarize your professional accomplishments from the last 1.5 years of residency and discuss your goals for a third year residency position.

EVALUATION FORM

Page 1 of 4

TO THE APPLICANT Please complete this section and give it to the person who has agreed to serve as your reference and complete the application Evaluation Form. This form must be submitted together with the other application documents by the required deadline as part of your application packet. This form must be in its unopened, original, sealed envelope with the signature of your reference across the seal to be considered as part of the application packet. It is your sole responsibility, during all phases of the application process, to be apprised of the deadlines and ensure that all necessary forms, documentation and other required elements of the application are submitted to the selection committee on time. **Incomplete packets will not be considered.**

By signing below, you waive the right to view this evaluation form. In the interest of maintaining the strictest standards of confidentiality, forms that are not signed (and any attachments associated with unsigned forms) will be considered incomplete and will not be considered as part of the application.

I, the undersigned, understand this is a confidential evaluation form. I understand neither this form nor any related submissions will be made available to anyone outside Bastyr University, NCNM, or SCNM unless required by legal action. I understand this record will be destroyed one year after my application for residency. I will not ask to review this form or any associated submissions.

TO THE EVALUATOR:

- 1. The person named above is applying to Bastyr University or NCNM or SCNM for a clinical residency position. The applicant has listed you as a reference and requested your evaluation be included as part of the information on which the members of selection committee will base their decision. Please respond frankly to the questions and issues on this form and feel free to include or attach any additional pertinent comments. These records will be destroyed one year after the selection process and the applicant will not be allowed to review your submission unless otherwise required by legal action. Evaluations are a critical component in an applicant's application.
- 2. Due to the sensitive nature of this evaluation and our request for your honest assessment of this individual, the applicant has been apprised that any indication of a breach of the confidential nature of this form, including tampering, will result in immediate and permanent termination of his/her residency application.
- 3. Once completely filled out, this form may be copied by the Evaluator depending on the number of residency sponsor schools the applicant is applying to (Bastyr University, NCNM, or SCNM). The Evaluator must place each form in a sealed envelope and sign across the sealed front flap for this evaluation to be considered.
- 4. Please return this form in the sealed and signed envelope to the applicant so that she/he may mail it with together with other required supporting documents.

On behalf of the applicant, the Resident Selection Committee would like to thank you for agreeing to serve as a reference and evaluator. Please understand that as a reference you may be contacted to address additional questions or concerns if necessary. In order to facilitate this process, we ask that you provide the selection committee with the necessary contact information.
